Your submission will be used as an agenda item. Please make sure your submission is concise and clear, including all the necessary information so that other delegates can easily understand and discuss it during the meeting.

Country	Switzerland
Name	Pascal Fischer
Proposal	<p><u>Maintenance and ownership of the Eurilca website</u></p> <ul style="list-style-type: none">• The European Eurilca website must be maintained by the European Executives through and together with the European Secretary, who also controls the administrative access and passwords• The European Secretary also assures (if necessary through outside help) that there is a proper documentation on the functioning of the website.• The website must reside on a server controlled by the European Region / European Secretary.
Current Situation	The current situation is not very clear. It seems that the website resides outside of the ILCA server on a server contracted by Assolaser and Assolaser also controls the access.
Reason for Proposal	It is very dangerous if the website of the European Region is solely dependant of a single individual / District.

TO BE RECEIVED NO LATER THAN FRIDAY 12th OCTOBER 2012
