

European Masters Series Report

This is my report. Enclose the latest Calendar.
I am still waiting for Germany, Portugal and Greece.

It has been a good year for European Masters, with a circuit of 12 regattas on the calendar. All were perfectly organized, on the water as well as on land. 610 sailors from 22 countries were registered by Corinne, which means 925 boats starting. There were about 300 participants at the Roses Europeans.

The 2013 season is coming up nicely, with Greece announcing itself as a new organizing country. The Europeans in Sweden are looking like they will be on par with Roses. European Masters Series Report
