

European Region International Laser Class Association

Submission of Proposal to the European Annual General Meeting

Your submission will be used as an agenda item. Please make sure your submission is concise and clear, including all the necessary information so that other delegates can easily understand and discuss it during the meeting.

Country	Austria
Name	Christian Schmid
Proposal	Change of format for sail numbers
Current Situation	<p>The new sail numbers are supposed to be cut from the digital and italic number 8. New boats are only delivered with these new numbers; only numbers and no national letters.</p> <p>Measurement says that the national letters and the numbers have to have the same design. Consequently with digital numbers the national letters should be made from the digital and italic number 8. The "A" cut from the digital 8 resembles the "R" and consequently is not accepted by measurement. Problems therefore might occur for nations AUT, RUS, ITA, TUR, AUS, SBR, CRO,.. (all nations with A or R in abbreviation)</p>
Reason for Proposal	<ol style="list-style-type: none"> 1. Boats should be delivered with numbers and national letters 2. Allowance of mixing digital numbers and normal (round) national letters 3. Handbook should specify design of sailnumber and national letters <div style="text-align: center;">  </div> <p style="text-align: right;">R or A ?</p>

TO BE RECEIVED NO LATER THAN FRIDAY 12th OCTOBER 2012
RETURN TO: EurILCA E-mail: emily@eurilca.org
