

10 EUROPA CUP

10.5 REPORT AND PROPOSAL FROM THE EXECUTIVE.

10.5.2 REPORT

The 2012 EC was a quite good success.
We have listed more than 1800 members as Europa Cup Sailors.
A wider report will be presented to the EAGM.

10.5.3 PROPOSAL

The Europa cup is the main option to involve our sailors in an international vision of our sport. With the help of the European Ranking List, we can offer to Laser sailors the possibility to have at least 2 international events roughly at no more than 500 Km far from the borders of their country.
As consequence the European Ranking List is counting up to 4 international events every 24 months.
Aegean and black sea will be involved in this series.
To better involve the sailors in a more "human" dimension of the international concept, the Region will be divided in 4-5 sub regions ranked independently.

10.6 EUROPA CUP CALENDAR

The Europa cup 2013 calendar is today going to doubling the number of events if compared to 2012.
The main reason of it is the decision to made the Laser Class activities more and more international.
We have now involved many new countries and the international vision looks more real than last year.
